

How to request Media Accreditation

This process applies to ALL international media including ENG TV crews.

***National media** must make a request for a media pass through the media department of the relevant track (you can find all contacts in the Media Guide on the WEC and ELMS press areas).

***FIA WEC:** Any manufacturers or teams inviting media to WEC events must send their list of names to the contact below 8-10 days before each event.

***Support races:** The media delegate from ELMS and WEC Support Races must send their media list to the contact below 8-10 days before each event.

Creation of a Media Account in the press area:

This is a common area between WEC, ELMS and LMC. This account is individual to the person named.

<http://press.fiawec.com/> --- <http://press.europeanlemansseries.com/> --
<http://press.lemanscup.com/>

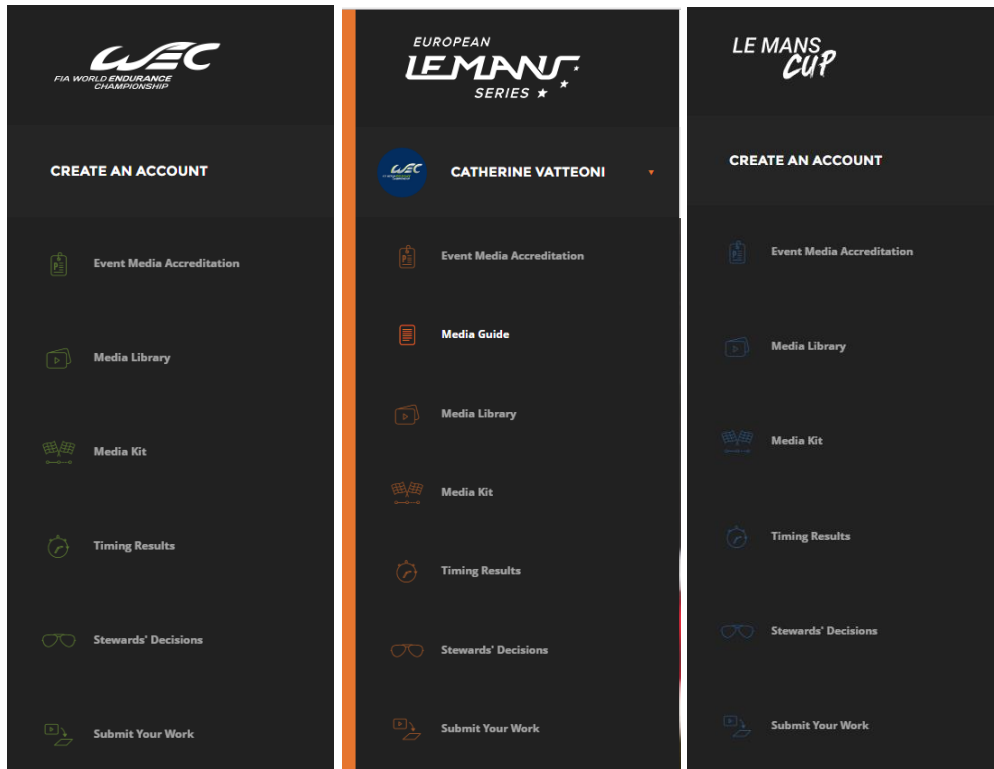

You will need an email address and a personal password.

Media will then receive an email confirming the account request and then confirming the account creation. Each account holder can also manage his/her account on the “Manage your account” section (see below)

Accreditation Request:

Once the account is created, with the two elements of email + password, media can access the press area for all the championships and, in particular, the section to request Media Accreditation.
